# Bespoke Personalised Stationery Service

---

Funeral and remembrance stationery is a special and unique way of personalising a funeral and also provides an opportunity to remember the person who has passed away.

Our range covers a wide selection of high quality, elegantly designed orders of service, attendance cards, memorial cards and bookmarks, all matching in design which can include photographs, readings, hymns, poems and personal messages.

A canvas print can be displayed in the hearse, at the funeral service/the reception and taken home as a treasured memory of your loved one.
